# LEAF & LINT SUCTION STRAINERS

2025

**FOR**  
**QUALITY, RANGE**  
**AND VALUE**  
**CHOOSE RODNEY INDUSTRIES**

---

To ensure long-term durability and reliable performance, our Leaf and Lint Strainers are fitted with high-quality Stainless Steel 316 mesh baskets – a superior alternative to galvanized options.

**FEATURES INCLUDE:**

- Flow rates from 10 to 150 litres per second
- Corrosion-resistant polyethylene body for lightweight strength
- Galvanized swing-away toggles for quick and easy basket access
- Stainless Steel 316 mesh basket for maximum durability.

**APPLICATIONS INCLUDE:**

- Commercial and public swimming pools
- Resorts and aquatic centres
- Decorative water features
- Irrigation systems

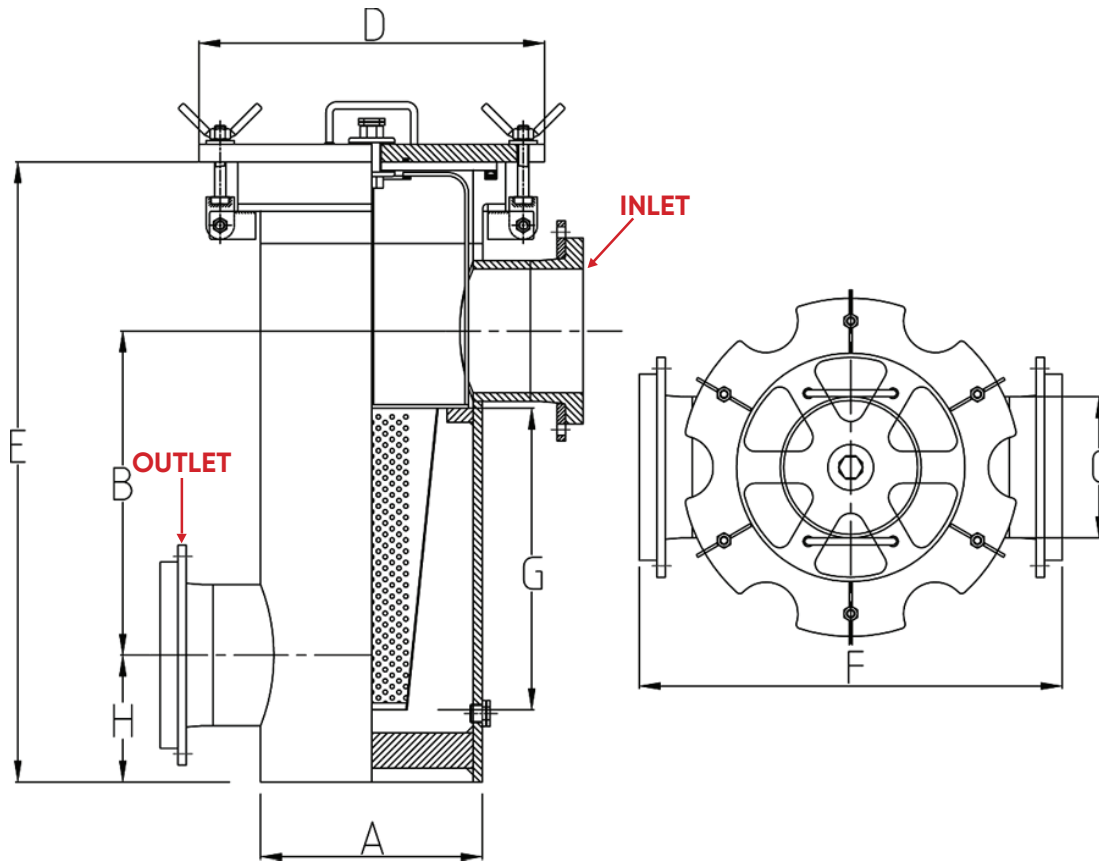

# TOUGH ON DEBRIS. EASY ON MAINTENANCE

At Rodney Industries, we know that quality, durability, and performance matter. That's why our Leaf and Lint Suction Strainers are built to deliver years of dependable, low-maintenance service.

- Air release outlet fitted to the lid for efficient operation
- Galvanized external fittings included as standard, with optional upgrades to Stainless Steel or G10 (epoxy/glass)
- Constructed from non-toxic, food-grade polyethylene – safe for potable water and resistant to corrosion
- Designed for easy modification, repair, or upgrade throughout the product's working life
- Customizable inlet/outlet sizes and configurations to suit your specific system requirements
- Compatible with the Rodney Industries Poly Maxi Flange – a full-face, full nominal bore solution
- We also manufacture concentric and eccentric flanged reducers in Polyethylene, Galvanized, or Stainless Steel
